

# CUHSD DMV PROGRAM CONTRACT

Corning Union High School District is able to offer students an online DMV program. All students who participate in the program are required to complete the following contract and agree to the terms and conditions.

Upon successful completion of the contract, students will receive email access to the DMV program. The program requires students to complete 30 hours of learning and will not advance a student to the final test before the 30 hours have been completed.

Students who register and start the program are expected to complete the entire program. Certificates will be issued directly through the online company. Corning Union High is not able to issue a certificate.

Students under 15 will not be permitted to enroll in the course.

Student honesty and integrity is critical. By agreeing to the following conditions, you are promising that only the registered student will participate in the program.
